The new Apeco DIAL-A-COPY brings a new concept in versatility and speed to office copying

MAKES THE EXACT NUMBER OF COPIES YOU WANT WITH JUST A TURN OF THE DIAL—

For one copy just insert the original . . . for multiple copies just dial the number you want; that's how easy it is to make the exact number of copies you want on the new Apeco Dial-A-Copy. It all happens automatically . . . easier and faster than ever before.

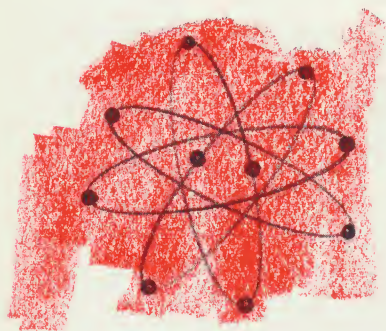

FEED IN ONLY THE ORIGINAL, COPIES COME OUT CUT TO THE EXACT SAME SIZE

With the Apeco Dial-A-Copy you insert only the original. A roll of copy paper is already in the machine . . . enough to make up to 600 copies. And, it takes only about 10 seconds to insert a new roll. The Apeco Dial-A-Copy makes copies up to 11" wide and any length. What's more, no matter what size original you insert, the copies come out cut to the exact same length of the original.

ONLY 3½¢ PER COPY— NO MONTHLY MINIMUM NUMBER OF COPIES REQUIRED

Whether you make 1 copy per month or thousands, your cost is only 3½¢ for an 8½" x 11" copy. With the Apeco Dial-A-Copy you pay this one low price for only the copies you need. There is no obligation to make more copies than you want . . . there is no minimum monthly copying requirement.

COPIES EVERY COLOR, EVERY INK — COPIES EVERYTHING ELECTRONICALLY DRY!

The Apeco Dial-A-Copy uses no liquids. This new Apeco Electronic process copies any kind of original—written, printed, typed, drawn or photographed. And, every copy is clear, sharp, black on white . . . a permanent reproduction of any original. In addition, any copy can be used as an offset master to turn out hundreds of copies at less than 1/5¢ each.
